

2026 Foredom Massager Pricing

Thank you for your inquiry. We are honored to be able to provide the Foredom Massager (also called the percussor or percussion hammer) and any parts or service that you may require.

For new purchases, please refer to the pricing below. This price is for the US (120 Volt) version of the Model 500 Massager. This is currently the only model in production. It comes in two versions. The Model 500 comes with a 39" shaft. The Model 500L comes with a 66" shaft. Everything else about them is identical.

If you would like to upgrade your new Massager, the cost is below. This includes: complete disassembly and lubrication of the head, shaft, and shaft housing; replacing the speed control with a linear-taper ten-turn control; and installing a new on/off switch. Price includes parts and labor.

Foredom Percussor Pricing			
	Price	Shipping	Total
Model 500 (39" shaft)	\$880	Call for Pricing	\$880 + S/H
Model 500L (66" shaft)	\$890	Call for Pricing	\$890 + S/H
Speed Control Upgrade	\$285		

International orders are welcome. Foredom does make a Massager for your country. It is the same cost as the US version. However, I do not routinely keep them in stock. This typically adds 1-2 weeks to the order time. For shipping rates, please contact us.

Foredom Parts Pricing			
	Price		Price
Pack of 6 Replacement Pads	\$28.50	39" Shaft/Sheath	\$38.50
Pad Holder with Pad	\$21	66" Shaft/Sheath	\$55
Brushes for the Model 500	\$16.50	H.60 Handpiece	\$435

Pricing for replacement parts is for the parts ONLY. It does not include shipping. Shipping cost is usually USPS flat rate and will be calculated based on the physical size of your parts.

Other replacement parts are available. Parts other than the ones listed above do not usually require replacement. If you need other parts, we recommend sending your unit to us for evaluation, repair, and replacement of the damaged parts.

For more information, visit www.percussion-hammer.com

Shipping costs continue to increase - although we strive to use the least expensive carrier, your cost could exceed the listed price. Shipping cost will include insurance.

We are also pleased to announce that we have in stock the first book written on the use and care of the Percussor. *The Foredom Percussor - Its Use, Care and Maintenance, Fourth Edition* is available for \$ 37.50. The book covers how to disassemble and maintain the user-serviceable parts, and the basics of using the percussor on a patient.

☐

To include your book(s) with you order, please indicate the number desired in the box.

To obtain a confirmation on final cost, please circle the items desired and fill out your information and fax to 317-228-9275. We will contact you for payment information. Our office number is 317-228-9270.
